CROSS COUNTRY HEALTHCARE, INC.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (Unaudited)

1. ORGANIZATION AND BASIS OF PRESENTATION

The accompanying condensed consolidated financial statements include the accounts of Cross Country Healthcare, Inc. and its direct and indirect wholly-owned subsidiaries (collectively, the Company). All material intercompany transactions and balances have been eliminated in consolidation. The accompanying condensed consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States for interim financial information and with the instructions to Form 10-Q and Article 10 of Regulation S-X. Accordingly, they do not include all of the information and notes required by U.S. generally accepted accounting principles for complete financial statements. The preparation of consolidated financial statements, in conformity with accounting principles generally accepted in the United States, requires management to make estimates and assumptions that affect the reported amounts in the condensed consolidated financial statements and accompanying notes. Actual results could differ from those estimates. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation have been included. These operating results are not necessarily indicative of the results that may be expected for the year ending December 31, 2011.

Unless otherwise disclosed in the notes to the condensed consolidated financial statements, the estimated fair value of financial assets and liabilities approximates carrying value. Short-term cash investments on the accompanying condensed consolidated balance sheets relate to foreign investments in highly liquid time deposits with original maturities less than one year but greater than three months. At both June 30, 2011 and December 31, 2010, other long-term assets include approximately \$0.9 million of foreign investments in highly liquid time deposits with original maturities greater than one year. The carrying value of these investments on the consolidated condensed balance sheet approximates their fair value.

These unaudited interim condensed consolidated financial statements should be read in conjunction with the audited consolidated financial statements and notes thereto for the year ended December 31, 2010 included in the Company's Annual Report on Form 10-K as filed with the Securities and Exchange Commission. The December 31, 2010 condensed consolidated balance sheet included herein was derived from the December 31, 2010 audited consolidated balance sheet included in the Company's Annual Report on Form 10-K.

Certain prior year amounts have been reclassified to conform to the current period presentation.

Certain of the Company's foreign operations use their respective local currency as their functional currency. In accordance with the *Foreign Currency Matters* Topic of the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC), assets and liabilities of these operations are translated at the exchange rates in effect on the balance sheet date. Income statement items are translated at the average exchange rates for the period. The cumulative impact of currency translation is included in accumulated other comprehensive loss (OCL) in the accompanying condensed consolidated balance sheets and was \$2.0 million and \$2.4 million at June 30, 2011 and December 31, 2010, respectively.

The net change in fair value of hedging transactions (including effective hedging reclassified to interest expense at cash settlement), related to the Company's interest rate swap agreements, that was included in accumulated OCL. During the three and six months ended June 30, 2010, a net unrealized loss of \$0.1 million was reclassified from OCL to interest expense corresponding with interest payments on the underlying term loan portion of the Company's credit facility that was effectively hedged. In October 2010, the interest rate swap agreements expired. Accordingly, as of December 31, 2010, there were no amounts included in accumulated OCL related to interest rate swap agreements.

3. EARNINGS PER SHARE

In accordance with the requirements of the *Earnings Per Share* Topic of the FASB ASC, basic earnings per share is computed by dividing net income by the weighted average number of shares outstanding (excluding unvested restricted stock) and diluted earnings per share reflects the dilutive effects of stock options and restricted stock (as calculated utilizing the treasury stock method). For the three months ended June 30, 2011 and 2010, respectively, incremental shares of common stock of 69,221 and 179,118 were included in the diluted weighted average shares outstanding calculation. For the six months ended June 30, 2011 and 2010, respectively, incremental shares of common stock of 78,499 and 161,666 were included in the diluted weighted average shares outstanding calculation.

In April 2010, the Company paid \$12.8 million, related to the 2009 performance, satisfying all earnout amounts potentially due to the seller in accordance with the asset purchase agreement. 6. FAIR VALUE MEASUREMENTS

The *Fair Value Measurements and Disclosures* Topic of the FASB ASC, defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. The *Fair Value Measurements and Disclosures* Topic also establishes a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard describes three levels of inputs that may be used to measure fair value:

Level 1—Quoted prices in active markets for identical assets or liabilities.

Level 2—Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3—Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

At June 30, 2011 and December 31, 2010, the Company's only financial assets/liabilities required to be measured on a recurring basis were its deferred compensation liability included in other long-term liabilities and marketable securities included in other long-term assets. The Company utilizes Level 1 inputs to value marketable securities and its deferred compensation liability. The Company did not hold any Level 2 or Level 3 assets or liabilities at June 30, 2011 or December 31, 2010.

The table below summarizes the estimated fair values of the Company's financial assets and liabilities measured on a recurring basis as of June 30, 2011 and December 31, 2010:

**Quoted Prices in Active Markets for Identical Assets
(Level 1)**

Income from operations	<u>\$ 2,602</u>	<u>\$ 3,357</u>	<u>\$ 3,663</u>	<u>\$ 5,780</u>

- (a) The Company defines contribution income as income from operations before depreciation, amortization and corporate expenses not specifically identified to a reporting segment. Contribution income is a financial measure used by management when assessing segment performance and is provided in accordance with the *Segment Reporting* Topic of the FASB ASC.
- (b) In the three months ended June 30, 2011, the Company refined its methodology for allocating certain corporate overhead expenses to the nurse and allied staffing segment to more accurately reflect this segment's profitability. The segment data for the three and six months ended June 30, 2010 has been reclassified by \$0.4 million and \$0.8 million, respectively, to conform to the current year's presentation.

9. COMMITMENTS AND CONTINGENCIES

Maureen Petray and Carina Higareda v. MedStaff, Inc. (settled)

On February 18, 2005, the Company's MedStaff subsidiary became the subject of a purported class action lawsuit (*Maureen Petray and Carina Higareda v. MedStaff, Inc.*) filed in the Superior Court of California in Riverside County. The Court granted final approval of the class settlement on March 18, 2011. The Company had previously accrued a pre-tax charge of \$0.3 million (approximately \$0.2 million after taxes) related to this lawsuit. The final settlement amount was \$0.3 million, which was paid during the first quarter of 2011.

The lawsuit related to only MedStaff corporate employees working in California. The lawsuit alleged, among other things, violations of certain sections of the California Labor Code, the California Business and Professions Code, and recovery of unpaid wages and penalties.

The Company is also subject to other legal proceedings and claims that arise in the ordinary course of its business. In the opinion of management, the outcome of these other matters will not have a significant effect on the Company's consolidated financial position or results of operations.

10. INCOME TAXES

The Company's effective tax rate for the full year is estimated to be approximately 42%. The effective tax rate was 19.4% and 24.3% during the three and six months ended June 30, 2011, respectively. The lower than expected tax rate in the three and six months ended June 30, 2011 was due to certain discrete items, including the reversal of uncertain prior year tax positions. Excluding these items, the effective tax rate in the three and six months ended June 30, 2011 would have been 54.3% and 53.2%, respectively. The effective tax rate excluding the reversal of uncertain tax positions was higher than the statutory rates primarily due to the non-deductibility of certain per diem expenses. The 2011 tax rate was also impacted by a foreign subsidiary's tax holiday which expired in March 2011.

In accordance with the *Income Taxes* Topic of the FASB ASC, a reconciliation of the beginning and ending amounts of unrecognized tax benefits, including estimated interest and penalties, is as follows:

	<u>(amounts in thousands)</u>
Balance at January 1, 2011	\$ 5,092
Additions based on tax provisions related to prior years	79
Additions based on tax provisions related to current year	335
Settlements of tax positions related to prior years	(244)
Reductions for tax positions as a result of a lapse of the applicable statute of limitations	(702)
Balance at June 30, 2011	<u>\$ 4,560</u>

As of June 30, 2011, the Company had approximately \$3.8 million of unrecognized tax benefits, which would affect the effective tax rate if recognized. During the six months ended June 30, 2011, the Company had gross increases of \$0.4 million to its current year unrecognized tax benefits related to federal and state tax issues. In addition, the company had gross decreases of \$0.9 million to its unrecognized tax benefits related to both the closure of a certain state tax issue and the closure of open tax years.

The Company recognizes interest and penalties related to unrecognized tax benefits in the provision for income taxes. The Company had accrued approximately \$0.8 million and \$0.7 million for the payment of interest and penalties at June 30, 2011 and December 31, 2010, respectively.

The tax years 2004, 2005 and 2007 through 2010 remain open to examination by the major taxing jurisdictions to which the Company is subject, with the exception of certain states in which the statute of limitations has been extended.

11. RECENT ACCOUNTING PRONOUNCEMENTS

In June 2011, the FASB issued Update No. 2011-05, *Comprehensive Income (Topic 220), Presentation of Comprehensive Income*, (ASU 2011-05), which is effective for fiscal years, and interim periods within those years, beginning after December 15, 2011. ASU 2011-05 eliminates the option to report other comprehensive income and its components in the statement of changes in stockholders' equity and requires an entity to present the total of comprehensive income, the components of net income and the components of other comprehensive income either in a single continuous statement or in two separate but consecutive statements.

In May 2011, the FASB issued Update No. 2011-04, *Fair Value Measurement (Topic 820), Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRSs*, (ASU 2011-04), which is effective during interim and annual periods beginning after December 15, 2011. This ASU amends the fair value measurement and disclosure guidance in ASC 820, *Fair Value Measurement*, to converge U.S. GAAP and International Financial Reporting Standards (IFRS) requirements for measuring amounts at fair value as well as disclosures about these measurements. This amendment clarifies existing concepts regarding the fair value principles and includes changed principles to achieve convergence.

The Company is currently evaluating the impact of these standards on its disclosures. The Company expects to adopt these standards for its consolidated financial statements beginning in the first quarter of 2012.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The Company's condensed consolidated financial statements present a consolidation of all its operations. This discussion supplements the detailed information presented in the condensed consolidated financial statements and notes thereto which should be read in conjunction with the consolidated financial statements and related notes contained in the Company's Annual Report on Form 10-K, filed for the year ended December 31, 2010, and is intended to assist the reader in understanding the financial results and condition of the Company.

Overview

We are a diversified leader in healthcare staffing services offering a comprehensive suite of staffing and outsourcing services to the healthcare market. We report our financial results according to four business segments: (1) nurse and allied staffing, (2) physician staffing, (3) clinical trial services and (4) other human capital management services. We believe we are one of the top two providers of travel nurse and allied staffing services; one of the top four providers of temporary physician staffing (locum tenens) services; and a leading provider of clinical trial staffing services, retained physician search services and educational seminars specifically for the healthcare marketplace.

We have a diversified revenue mix across business sectors and healthcare customers. For the quarter ended June 30, 2011, our nurse and allied staffing business segment represented approximately 54% of our revenue and is comprised of travel and per diem nurse staffing, and allied health staffing. Travel nurse staffing represented approximately 41% of our total revenue and 76% of our nurse and allied staffing business segment revenue. Other nurse and allied staffing services include the placement of per diem nurses and allied healthcare professionals, such as rehabilitation therapists, radiology technicians, respiratory therapists, nurse practitioners and physician assistants. Our physician staffing business segment represented approximately 24% of our second quarter 2011 revenue and consists of temporary physician staffing services (locum tenens). Our clinical trial services business segment represented approximately 13% of our revenue and consists of service offerings that include traditional staffing and functional outsourcing, as well as drug safety monitoring and regulatory services to pharmaceutical and biotechnology customers. Our other human capital management services business segment represented approximately 9% of our revenue and consists of education and training and retained search services.

For the quarter ended June 30, 2011 our revenue was \$126.0 million, and net income, which benefited from a lower than expected effective income tax rate due to discrete items, was \$1.6 million, or \$0.05 per diluted share. Cash flow provided by operating activities for the six months ended June 30, 2011 was \$11.4 million, and included a \$4.6 million income tax refund. Cash flow from operating activities was partly used to repay debt and for capital expenditures. We ended the second quarter of 2011 with total debt of \$50.0 million and \$16.0 million of cash, resulting in a ratio of debt, net of cash, to total capitalization of 11.3%.

In general, we evaluate the Company's financial condition and operating results by revenue, contribution income (see Segment Information), and net income. We also use measurement of our cash flow generation and operating and leverage ratios to help us assess our financial condition. In addition, we monitor several key volume and profitability indicators such as number of open orders, contract bookings, number of FTEs, days filled and price.

Nurse and Allied Staffing

Our nurse and allied staffing business results in the second quarter of 2011 reflected the continued recovery in our nurse and allied staffing services. Due in large part to a broad-based resurgence in demand, as measured by the number of open orders from our customers, we believe the current dynamics in our nurse and allied staffing business are much better than they were for the last several years. While our managed service provider (MSP) staffing service and staffing for electronic medical record implementations remain staples of our business, there has been a significant increase in demand from other accounts that have largely been dormant over the past few years. Currently, non-MSP clients account for a substantial majority of the open nurse staffing job orders which provide our healthcare professionals with even more options to choose from. As we believe our success today is much more driven by supply than demand, this greater diversity in job orders should enable us to further improve our recruitment and retention of nurses. Our book to bill ratio, which measures net weeks booked as a percentage of the average field FTE count was 108% in the second quarter of 2011. As a result, we expect a sequential increase in segment staffing volume in the third quarter of 2011.

Physician Staffing

In the second quarter of 2011, revenue from our physician staffing services increased compared to the first quarter of 2011, but decreased as compared to the second quarter of 2010. While the physician staffing business appears to be showing signs of improvement in recent months, our outlook remains cautious given the headwinds this segment has faced, particularly the increased willingness of physicians to become employees of hospital systems due, in part, to the uncertainty surrounding healthcare reform and increased emphasis by hospitals to acquire physician practices. We continue to believe the long-term demographic drivers of this business are favorable. These drivers include an aging population demanding more health care, an aging physician population from the baby boom generation nearing retirement age, and more females entering the profession, which historically have provided relatively less hours of service on average than males. In addition, we believe the increase in the insured population that will result from the implementation of healthcare reform should increase demand for primary care physicians which should benefit our business.

Clinical Trial Services

In the second quarter of 2011, demand in the staffing component of our clinical trial services continued to increase sequentially and compared to the prior year's second quarter. We have been experiencing gradual improvement in the core contract staffing component of this business, which represented approximately 95% of the business segment's revenue in the second quarter of 2011. Despite the weak trends in the pharmaceutical and biotech industry over the past two years, demographic factors and advances in biotechnology and genomics should drive long-term growth for this business segment.

Acquisitions

MDA Holdings, Inc.

In September 2008, we consummated the acquisition of substantially all of the assets of privately-held MDA Holdings, Inc. and its subsidiaries and all of the outstanding stock of a subsidiary of MDA Holdings, Inc. (collectively, MDA). This transaction included an earnout provision based on 2008 and 2009 performance criteria. This contingent consideration was not related to the sellers' continued employment. In the second quarter of 2009, we paid \$6.7 million, related to the 2008 performance. In April 2010, we paid \$12.8 million, related to the 2009 performance, satisfying all earnout amounts potentially due to the seller in accordance with the asset purchase agreement. The earnout payments were allocated to goodwill as additional purchase price, in accordance with the *Business Combinations* Topic of the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC). In addition, during the year ended December 31, 2010, \$3.5 million was released to the seller from the indemnification escrow account leaving a balance of \$3.6 million.

Goodwill and Other Identifiable Intangible Assets

Goodwill and other intangible assets represented 88% of our stockholders' equity as of June 30, 2011. Goodwill and other identifiable intangible assets (including trademarks) from the acquisition of the assets of our predecessor, Cross Country Staffing, a partnership, as well as from subsequent acquisitions were \$143.6 million and \$75.0 million, respectively, net of accumulated amortization, at June 30, 2011. In accordance with the *Intangibles-Goodwill and Other* Topic of the FASB ASC, goodwill and certain other identifiable intangible assets are not subject to amortization; instead, we review impairment annually. Other identifiable intangible assets, which are subject to amortization, are being amortized using the straight-line method over their estimated useful lives ranging from 5 to 15 years.

Segment Information

We report the following business segments in accordance with the *Segment Reporting* Topic of the FASB ASC:

- *Nurse and allied staffing* - The nurse and allied staffing business segment provides travel nurse and allied staffing services and per diem nurse staffing services primarily to acute care hospitals. Nurse and allied staffing services are marketed to public and private healthcare facilities and for-profit and not-for-profit facilities throughout the U.S.
- *Physician staffing* - The physician staffing business segment provides multi-specialty locum tenens to the healthcare industry throughout the U.S.
- *Clinical trial services* - The clinical trial services business segment provides clinical trial, drug safety, and regulatory professionals on a contract and outsourced basis to companies in the pharmaceutical, biotechnology and medical device industries, as well as to contract research organizations and acute care hospitals conducting clinical research trials in the U.S., Canada and Europe.
- *Other human capital management services* - The other human capital management services business segment includes the combined results of our education and training and retained search businesses.

Information on operating segments and a reconciliation to income from operations for the periods indicated are as follows:

- (a) We define contribution income as income from operations before depreciation, amortization and other corporate expenses not specifically identified to a reporting segment. Contribution income is a measure used by management to access operations and is provided in accordance with the *Segment Reporting* Topic of the FASB ASC.
- (b) In the three months ended June 30, 2011, we refined our methodology for allocating certain corporate overhead expenses to our nurse and allied staffing segment to more accurately reflect this segment's profitability. The segment data for the three and six months ended June 30, 2010 has been reclassified by \$0.4 million and \$0.8 million, respectively, to conform to the current year's presentation.

Comparison of Results for the Three Months Ended June 30, 2011 compared to Three Months Ended June 30, 2010

Revenue from services

Revenue from services increased \$8.2 million, or 7.0%, to \$126.0 million for the three months ended June 30, 2011, as compared to \$117.8 million for the three months ended June 30, 2010. The increase was due to higher revenue from our nurse and allied staffing and clinical trial services business segments, partially offset by decreases in revenue from our physician staffing and other human capital management services business segments.

Nurse and allied staffing

Revenue from our nurse and allied staffing business segment increased \$8.5 million, or 14.1%, to \$68.3 million in the three months ended June 30, 2011, from \$59.8 million in the three months ended June 30, 2010, primarily due to higher staffing volume.

The average number of nurse and allied staffing FTEs on contract during the three months ended June 30, 2011, increased 13.8% from the three months ended June 30, 2010. The average nurse and allied staffing revenue per FTE per day increased 0.3% in the three months ended June 30, 2011 compared to the three months ended June 30, 2010, primarily due to an increase in the average hours provided by our nurse and allied professionals. Our average bill rate per hour declined 0.5%.

Physician staffing

Revenue from our physician staffing business decreased \$0.7 million or 2.1% to \$30.6 million for the three months ended June 30, 2011, compared to \$31.3 million in the three months ended June 30, 2010. The revenue decline reflects lower staffing volume that was partially offset by a favorable mix of specialties.

Physician staffing days filled is a metric that we use to measure volume in this business segment. Physician staffing days filled is equivalent to total hours filled during the respective period divided by eight hours. In the first quarter of 2011, we refined our methodology related to tracking physician staffing metrics. Accordingly, we have revised our metrics for the prior year to conform to current year's presentation.

Physician staffing days filled decreased 5.4% to 21,737 in the three months ended June 30, 2011, compared to 22,989 in the three months ended June 30, 2010. Revenue per day filled for the three months ended June 30, 2011 was \$1,408, a 3.5% increase from the three months ended June 30, 2010, reflecting a change in our mix of business more towards higher bill-rate physician specialties and an increase in on-call utilization and overtime. Revenue per day filled is calculated by dividing total physician staffing revenue by days filled for the respective period.

Clinical trial services

Revenue from clinical trial services increased \$0.7 million, or 4.3%, to \$16.5 million in the three months ended June 30, 2011, from \$15.8 million in the three months ended June 30, 2010. This increase was primarily due to higher staffing volume partially offset by lower average bill rates in the staffing business.

Other human capital management services

Revenue from other human capital management services for the three months ended June 30, 2011, decreased \$0.3 million, or 2.4%, to \$10.7 million from \$10.9 million in the three months ended June 30, 2010, reflecting lower revenue from our education and training business, partially offset by an increase in revenue from our retained search business.

Direct operating expenses

Direct operating expenses are comprised primarily of field employee and independent contractor compensation expenses, housing expenses, travel expenses and field insurance expenses. Direct operating expenses increased \$7.2 million, or 8.6%, to \$91.4 million for the three months ended June 30, 2011, as compared to \$84.2 million for three months ended June 30, 2010.

As a percentage of total revenue, direct operating expenses represented 72.5% of revenue for the three months ended June 30, 2011, and 71.4% for the three months ended June 30, 2010. The increase was partly due to a shift in our segment mix towards our nurse and allied staffing business segment coupled with higher housing costs in this business segment. Our nurse and allied staffing business segment has the highest direct cost as a percentage of revenue out of our four segments.

Selling, general and administrative expenses

Selling, general and administrative expenses increased \$2.2 million, or 7.9%, to \$29.5 million for the three months ended June 30, 2011, as compared to \$27.3 million for the three months ended June 30, 2010. The increase in selling, general and administrative expenses was primarily due to investments in infrastructure to support our MSP accounts. As a percentage of total revenue, selling, general and administrative expenses were 23.4% and 23.2%, for the three months ended June 30, 2011 and 2010, respectively.

Included in selling, general and administrative expenses is unallocated corporate overhead of \$5.8 million for three months ended June 30, 2011, compared to \$5.4 million for the three months ended June 30, 2010. As a percentage of consolidated revenue, unallocated corporate overhead was 4.6% for both the three month periods ended June 30, 2011 and 2010. Share-based compensation, included in unallocated corporate overhead, was \$0.8 million in the three months ended June 30, 2011 and \$0.7 in the three months ended June 30, 2010.

Bad debt expense

In the three month period ended June 30, 2011 and 2010, we reversed \$0.1 million and \$0.2 million, respectively, of our reserves for bad debt due to the improved quality of our receivables.

Contribution income

Nurse and allied staffing

Contribution income from our nurse and allied staffing segment for the three months ended June 30, 2011, decreased \$0.1 million or 1.3%, to \$5.6 million from \$5.7 million in three months ended June 30, 2010. As a percentage of nurse and allied staffing revenue, segment contribution income was 8.3% for the three months ended June 30, 2011, and 9.5% for the three months ended June 30, 2010. This decrease was primarily due to higher housing costs for our field personnel and higher selling, general and administrative expenses, predominantly related to our MSP activity, as well as a contraction in our bill-pay spread, partially offset by lower field insurance expenses as a percentage of revenue.

Physician staffing

Contribution income from physician staffing for the three months ended June 30, 2011 decreased \$0.8 million or 21.7% to \$2.9 million, from \$3.7 million in the three months ended June 30, 2010. As a percentage of physician staffing revenue, contribution income was 9.5% in the three months ended June 30, 2011 compared to 11.9% in the three months ended June 30, 2010. This decrease was primarily due to higher professional liability expenses and higher compensation expenses as a percentage of revenue due to changes in specialty mix, as well as the effect of negative operating leverage in three months ended June 30, 2011. Professional liability expenses were lower in three months ended June 30, 2010, due to a favorable accrual adjustment based on better than expected loss development in that period.

Clinical trial services

Contribution income from clinical trial services for the three months ended June 30, 2011 decreased \$0.2 million, or 9.0%, to \$1.6 million, from \$1.7 million in the three months ended June 30, 2010. As a percentage of clinical trial services revenue, segment contribution income was 9.4% in the three months ended June 30, 2011 compared to 10.8% in the three months ended June 30, 2010, primarily due to a less favorable mix, including lower permanent placement revenue.

Other human capital management services

Contribution income from other human capital management services for the three months ended June 30, 2011 increased \$0.1 million or 18.5%, to \$0.9 million from \$0.8 million. Contribution income as a percentage of other human capital management services revenue was 8.9% for the three months ended June 30, 2011 and 7.3% for the three months ended June 30, 2010, primarily due to significant revenue and operating improvement from our retained search business, partially offset by lower seminar attendance in our education and training business.

Depreciation and amortization expense

Depreciation and amortization expense in the three months ended June 30, 2011, totaled \$2.7 million as compared to \$3.2 million for the three months ended June 30, 2010. As a percentage of revenue, depreciation and amortization expense was 2.1% for the three months ended June 30, 2011 and 2.7% for the three months ended June 30, 2010.

Interest expense

Interest expense totaled \$0.7 million for the three months ended June 30, 2011 compared to \$1.2 million for the three months ended June 30, 2010. The decrease in interest expense was due to a lower effective interest rate on our borrowings and lower average borrowings in the three months ended June 30, 2011 compared to the three months ended June 30, 2010. The effective interest rate on our borrowings was 2.3% for the three month period ended June 30, 2011 and 5.8% for the three month period ended June 30, 2010. The decrease in the effective interest rate on our borrowings is primarily a result of the expiration of interest rate swaps in the fourth quarter of 2010.

Income tax expense

Income tax expense totaled \$0.4 million for the three months ended June 30, 2011, as compared to \$1.1 million for the three month periods ending June 30, 2010. The effective tax rate was 19.4% in the three months ended June 30, 2011, compared to 47.8% in the three months ended June 30, 2010. The lower than expected effective tax rate in the three months ended June 30, 2011 was due to discrete items including the favorable resolution of uncertain prior year tax positions. Excluding these reversals, our effective tax rate would have been 54.3%. The effective tax rate excluding the reversal of uncertain positions was higher than the statutory rates primarily due to the non-deductibility of certain per diem expenses. The prior year was also impacted by a subsidiary's tax holiday which expired in March 2011.

Comparison of Results for the Six Months Ended June 30, 2011 compared to Six Months Ended June 30, 2010

Revenue from services

Revenue from services increased \$8.9 million, or 3.7%, to \$248.1 million for the six months ended June 30, 2011, as compared to \$239.2 million for the six months ended June 30, 2010. The increase was primarily due to an increase in revenue from our nurse and allied staffing business segment.

Nurse and allied staffing

Revenue from our nurse and allied staffing business segment increased \$10.6 million, or 8.5%, to \$135.1 million in the six months ended June 30, 2011, from \$124.5 million in the six months ended June 30, 2010, primarily due to higher staffing volume.

The average number of nurse and allied staffing FTEs on contract during the six months ended June 30, 2011, increased 7.4% from the six months ended June 30, 2010. Average nurse and allied staffing revenue per FTE per day increased approximately 1.0% in the six months ended June 30, 2011 compared to the six months ended June 30, 2010, primarily due to an increase in the average hours provided by our nurse and allied professionals. Our average bill rate decreased 0.4%.

Physician staffing

Revenue from our physician staffing business decreased \$2.4 million, or 3.8%, to \$60.0 million for the six months ended June 30, 2011, compared to \$62.4 million in the six months ended June 30, 2010. The revenue decline reflects decreased demand for our temporary physician staffing services. Physician staffing days filled decreased 8.1% to 42,405 from 46,155 days filled in the six months ended June 30, 2010. Revenue per day filled for the six months ended June 30, 2011 was \$1,416 a 4.7% increase from the six months ended June 30, 2010, reflecting a favorable change in the mix of specialties.

Clinical trial services

Revenue from clinical trial services increased \$1.1 million, or 3.7%, to \$32.1 million in the six months ended June 30, 2011, from \$31.0 million in the six months ended June 30, 2010. This increase was primarily due to higher staffing volume and one additional billable day partially offset by lower average bill rates in the staffing business.

Other human capital management services

Revenue from other human capital management services for the six months ended June 30, 2011, decreased \$0.5 million, or 2.5%, to \$20.8 million from \$21.3 million in the six months ended June 30, 2010, reflecting a lower seminar attendance in our education and training business partly offset by higher revenue from our retained search business.

Direct operating expenses

Direct operating expenses increased \$8.6 million, or 5.0%, to \$180.5 million for the six months ended June 30, 2011, as compared to \$171.9 million for six months ended June 30, 2010.

As a percentage of total revenue, direct operating expenses represented 72.8% of revenue for the six months ended June 30, 2011, and 71.9% for the six months ended June 30, 2010. This increase is primarily due to higher housing costs for our nurse and allied field staff and a change in the business mix among segments.

Selling, general and administrative expenses

Selling, general and administrative expenses increased \$3.1 million, or 5.7%, to \$58.3 million for the six months ended June 30, 2011, as compared to \$55.2 million for the six months ended June 30, 2010.

Included in selling, general and administrative expenses is unallocated corporate overhead of \$11.3 million for six months ended June 30, 2011, compared to \$10.8 million for the six months ended June 30, 2010. As a percentage of consolidated revenue, unallocated corporate overhead was 4.6% for the six month period ended June 30, 2011 and 4.5% for the six month period ended June 30, 2010. Share-based compensation, included in unallocated corporate overhead, was \$1.5 million in the six months ended June 30, 2011 and \$1.2 million in the six months ended June 30, 2010.

As a percentage of total revenue, selling, general and administrative expenses were 23.5% and 23.1%, for the six months ended June 30, 2011 and 2010, respectively. This increase is primarily due to higher compensation and advertising expenses in our nurse and allied staffing business segment.

Bad debt expense

In the six months ended June 30, 2011, bad debt expense was \$0.1 million. Bad debt expense was recorded in the first quarter of 2010, but reversed in the second quarter, due to the improved quality of receivables at that time.

Contribution income

Nurse and allied staffing

Contribution income from our nurse and allied staffing segment for the six months ended June 30, 2011, decreased \$0.6 million, or 4.9%, to \$10.6 million from \$11.2 million in six months ended June 30, 2010. As a percentage of nurse and allied staffing revenue, segment contribution income was 7.9% for the six months ended June 30, 2011, and 9.0% for the six months ended June 30, 2010. This decrease was primarily due to higher housing costs for our field staff, and a contraction in bill-pay spreads, coupled with an increase in selling, general and administrative expenses.

Physician staffing

Contribution income from physician staffing for the six months ended June 30, 2011 decreased 14.0% to \$5.7 million, from \$6.6 million in the six months ended June 30, 2010. As a percentage of physician staffing revenue, contribution income was 9.4% in the six months ended June 30, 2011 compared to 10.6% in the six months ended June 30, 2010. The decline in contribution income as a percentage of revenue was primarily due to a change in specialty mix and less permanent placement revenue, partially offset by lower physician expenses and lower professional liability expense in the six months ended June 30, 2011, compared to the six months ended June 30, 2010. The lower professional liability expense reflects better than expected loss development.

Clinical trial services

Contribution income from clinical trial services for the six months ended June 30, 2011, decreased \$0.4 million, or 13.4%, to \$2.8 million, from \$3.3 million in the six months ended June 30, 2010. As a percentage of clinical trial services revenue, segment contribution income was 8.9% in the six months ended June 30, 2011 and 10.6% in the six months ended June 30, 2010. This decrease is primarily due to higher selling, general and administrative expenses and a contraction in our bill-pay spread for our staffing operations.

Other human capital management services

Contribution income from other human capital management services for the six months ended June 30, 2011, decreased by \$0.5 million, or 26.4%, to \$1.3 million from \$1.8 million in the six months ended June 30, 2010 primarily due to a decrease in contribution from our education and training business, partly offset by an increase from the retained search business. Contribution income as a percentage of other human capital management services revenue was 6.4% for the six months ended June 30, 2011 and 8.5% for the six months ended June 30, 2010, primarily due to lower seminar attendance in the education and training business.

Depreciation and amortization expense

Depreciation and amortization expense in the six months ended June 30, 2011, totaled \$5.5 million as compared to \$6.3 million for the six months ended June 30, 2010. As a percentage of revenue, depreciation and amortization expense was 2.2% for the six months ended June 30, 2011 and 2.6% for the six months ended June 30, 2010.

Interest expense

Interest expense totaled \$1.5 million for the six months ended June 30, 2011 and \$2.3 million for the six months ended June 30, 2010. The effective interest rate on our borrowings was 2.4% for the six month period ended June 30, 2011 and 5.7% for the six month period ended June 30, 2010. The decrease in interest expense was due to a lower effective interest rate on our borrowings and lower average borrowings in the six months ended June 30, 2011 compared to the six months ended June 30, 2010. The decrease in the effective interest rate on our borrowings was primarily a result of the expiration of interest rate swaps in the fourth quarter of 2010.

Income tax expense

Income tax expense totaled \$0.6 million for the six months ended June 30, 2011, as compared to \$1.3 million for the six months ended June 30, 2010. The effective tax rate was 24.3% in the six months ended June 30, 2011, compared to 35.4% in the six months ended June 30, 2010. The lower effective tax rate in the six months ended June 30, 2011 was due to discrete items including the favorable resolution of uncertain prior year tax positions. Excluding these reversals, our effective tax rate would have been 53.2%. The current year tax rate, excluding these reversals, was higher than the statutory rates primarily due to the non-deductibility of certain per diem expenses, the effect of which was magnified by the low pretax income. The prior year's period was impacted by discrete items including an immaterial prior year correction related to a tax election we made on behalf of a subsidiary we acquired in 2008 as part of the MDA acquisition. The prior year was also impacted by a foreign subsidiary's tax holiday which expired in March 2011.

Liquidity and Capital Resources

As of June 30, 2011, we had a current ratio, defined as the amount of current assets divided by current liabilities, of 2.6 to 1. Working capital decreased \$0.7 million to \$66.8 million as of June 30, 2011 from \$67.5 million as of December 31, 2010. The decrease in working capital was primarily due to a scheduled increase in the current portion of our long-term debt and timing of payments, partially offset by an increase in accounts receivable.

Our operating cash flows constitute our primary source of liquidity, and historically, have been sufficient to fund our working capital, capital expenditures, internal business expansion and debt service. We believe that operating cash flows, along with cash on hand will be sufficient to meet these needs during the next twelve months. We continue to evaluate acquisition opportunities that may require additional funding. In addition to those amounts available under our existing credit agreement, to the extent available to us, we may incur up to an additional \$45.0 million in Indebtedness (as defined by our credit agreement).

Net cash provided by operating activities during the six months ended June 30, 2011, was \$11.4 million, compared to \$23.7 million in the six months ended June 30, 2010. The decrease is primarily due to an increase in our accounts receivables in the six months ended June 30, 2011 compared to a decrease in accounts receivable in the six months ended June 30, 2010. The increase in accounts receivables in the six months ended June 30, 2011 is reflective of the sequential increases in revenue we have experienced from the fourth quarter of 2010 to the second quarter 2011. During the six months ended June 30, 2010 we experienced sequential declines in revenue. The number of days' sales outstanding decreased two days to 50 days at June 30, 2011, compared to 52 days at December 31, 2010.

Investing activities used \$2.3 million in the six months ended June 30, 2011, compared to \$13.6 million in the six months ended June 30, 2010. We used \$2.2 million for capital expenditures in the six months ended June 30, 2011 compared to \$0.7 million in the six months ended June 30, 2010. In the six months ended June 30, 2010, we used \$12.8 million to pay the final earnout payment due on the MDA acquisition based on its 2009 performance.

Net cash used in financing activities during the six months ended June 30, 2011, was \$4.1 million compared \$8.3 million during the six months ended June 30, 2010, related to net payments on our total debt in both periods and \$1.5 million of debt issuance costs paid in the six months ended June 30, 2010, related to an amendment to our Credit Facility.

Stockholders' Equity

During the six months ended June 30, 2011 and 2010, we were restricted under our Credit Agreement and we did not make any repurchases of shares of our common stock. Under the remainder of the February 2008 Board of Directors' authorization, we can purchase up to an additional 1,441,139 shares, subject to certain conditions in our Credit Agreement. At June 30, 2011, we had approximately 31.2 million shares of common stock outstanding.

Credit Facility

As of June 30, 2011, interest on our revolving credit facility was based on LIBOR plus a margin of 3.50% or Base Rate (as defined by the Credit Agreement) plus a margin of 2.50%. The Company is required to pay a quarterly commitment fee on the average daily unused portion of the revolving loan facility, which, as of June 30, 2011 was 0.625%. The interest rate spreads on our term loan as of June 30, 2011 were based on LIBOR plus a margin of 2.00% or Base Rate plus a margin of 1.00%.

The table below summarizes what we believe are the key financial covenant requirements, as defined by the Credit Agreement, as amended, and our corresponding actual performance as of June 30, 2011.

	<u>Requirements</u>	<u>Actual</u>
Maximum Permitted Leverage Ratio (a)	2.50 to 1.00	2.17 to 1.00
Minimum Fixed Charge Coverage Ratio (b)	1.50 to 1.00	4.46 to 1.00
Maximum Capital Expenditures for 2011 (c)	\$6.6 million	\$2.2 million

- (a) Our Leverage Ratio must not be greater than 2.50 to 1.00 for the duration of the Credit Agreement ending September 2013.
- (b) Our Fixed Charge Coverage Ratio (as defined by the Credit Agreement) must not be less than: 1) 1.50 to 1.00 for the fiscal year 2011; 2) 1.25 to 1.00 for the fiscal year 2012 and 3) 1.15 to 1.00 thereafter.
- (c) The Capital Expenditures limit as defined by the Credit Agreement may be increased in any fiscal year by the amount of Capital Expenditures that were permitted but not made in the immediately preceding fiscal year. The aggregate Capital Expenditures limit for the fiscal years following as defined by the Credit Agreement are: 1) \$4.0 million in the fiscal year 2010; 2) \$5.0 million in the fiscal year 2011; and 3) \$7.0 million in the fiscal year 2012. The 2011 limit in the preceding table reflects an increase of \$1.6 million representing the 2010 fiscal year excess that was permitted but not made.

Commitments and Off-Balance Sheet Arrangements

We do not have any off-balance sheet arrangements.

The following table reflects our contractual obligations and other commitments as of June 30, 2011:

<u>Commitments</u>	<u>Total</u>	<u>2011</u>	<u>2012</u>	<u>2013</u>	<u>2014</u>	<u>2015</u>	<u>Thereafter</u>

- (a) Under our Credit Agreement, we are required to comply with certain financial covenants. Our inability to comply with the required covenants or other provisions could result in default under our Credit Agreement. In the event of any such default and our inability to obtain a waiver of the default, all amounts outstanding under the Credit Agreement could be declared immediately due and payable.

- (b) Represents future minimum lease payments associated with operating lease agreements with original terms of more than one year.
- (c) Other contractual obligations include contracts for information systems, maintenance and support, consulting and other services and application hosting.

Critical Accounting Principles and Estimates

Our critical accounting principles remain consistent with those reported in our Annual Report on Form 10-K for the year ended December 31, 2010, as filed with the Securities and Exchange Commission.

Recent Accounting Pronouncements

In June 2011, the FASB issued Update No. 2011-05, *Comprehensive Income (Topic 220), Presentation of Comprehensive Income*, (ASU 2011-05), which is effective for fiscal years, and interim periods within those years, beginning after December 15, 2011. ASU 2011-05 eliminates the option to report other comprehensive income and its components in the statement of changes in stockholders' equity and requires an entity to present the total of comprehensive income, the components of net income and the components of other comprehensive income either in a single continuous statement or in two separate but consecutive statements.

In May 2011, the FASB issued Update No. 2011-04, *Fair Value Measurement (Topic 820), Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRSs*, (ASU 2011-04), which is effective during interim and annual periods beginning after December 15, 2011. This ASU amends the fair value measurement and disclosure guidance in ASC 820, *Fair Value Measurement*, to converge U.S. GAAP and International Financial Reporting Standards (IFRS) requirements for measuring amounts at fair value as well as disclosures about these measurements. This amendment clarifies existing concepts regarding the fair value principles and includes changed principles to achieve convergence.

We are currently evaluating the impact of these standards on the Company's disclosures. The Company expects to adopt these standards for its consolidated financial statements beginning in the first quarter of 2012.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

There have been no material changes to our market risks as disclosed in our Annual Report on Form 10-K filed for the year ended December 31, 2010.

ITEM 4. CONTROLS AND PROCEDURES

The Company carried out an evaluation, under the supervision and with the participation of the Company's Chief Executive Officer and Chief Financial Officer, of the effectiveness of the design and operation of the Company's "disclosure controls and procedures" (as defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act), as of the end of the period covered by this report. Based upon the evaluation, the Company's Chief Executive Officer and Chief Financial Officer concluded that the Company's disclosure controls and procedures are effective. Disclosure controls and procedures are designed to ensure that information required to be disclosed in Company reports filed or submitted under the Exchange Act is recorded, processed, summarized, communicated to management, including the Chief Executive Officer and the Chief Financial Officer, and reported within the time periods specified in the Securities and Exchange Commission's rules and forms. The disclosure controls and procedures are designed to ensure that information required to be disclosed by us in reports required under the Exchange Act of 1934, as amended, is accumulated and communicated to our management, including the Chief Executive Officer and Chief Financial Officer, in order to allow timely decisions regarding any required disclosure.

The evaluation has not identified any changes in the Company's internal controls over financial reporting or in other factors that occurred during the last fiscal quarter that have materially affected or that are reasonably likely to materially affect the Company's internal control over financial reporting.

PART II – OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS

Maureen Petray and Carina Higareda v. MedStaff, Inc (settled)

On February 18, 2005, the Company's MedStaff subsidiary became the subject of a purported class action lawsuit (*Maureen Petray and Carina Higareda v. MedStaff, Inc.*) filed in the Superior Court of California in Riverside County. The Court granted final approval of the class settlement on March 18, 2011. The Company had previously accrued a pre-tax charge of \$0.3 million (approximately \$0.2 million after taxes) related to this lawsuit. The final settlement amount was \$0.3 million, which was paid during the first quarter of 2011.

The lawsuit related to only MedStaff corporate employees working in California. The lawsuit alleged, among other things, violations of certain sections of the California Labor Code, the California Business and Professions Code, and recovery of unpaid wages and penalties.

The Company is also subject to other legal proceedings and claims that arise in the ordinary course of its business. In the opinion of management, the outcome of these other matters will not have a significant effect on the Company's consolidated financial position or results of operations.

ITEM 1A. RISK FACTORS

There are no material changes to our Risk Factors as previously disclosed in our Form 10-K for the year ended December 31, 2010.

RECITALS:

WHEREAS, Landlord and Tenant heretofore entered into that certain lease agreement captioned " *Office Lease Agreement*" dated February 2, 2007 (the "Lease") pursuant to which Tenant leased from Landlord certain premises (the "Original Premises") consisting of approximately 14,157 rentable square feet on the first floor of that certain office building commonly known as the Horizon Center and located at 9020 Overlook Boulevard, Brentwood, Tennessee (the "Building"), the Original Premises being identified as Suite 130 on Exhibit A to the Lease and being the same premises that Tenant currently identifies as Suite 140 for purposes of Tenant's mailing address; and

WHEREAS, Tenant now desires to lease additional rental space from Landlord consisting of approximately 2,727 rentable square feet on the first floor of the Building and being further identified on Exhibit A attached hereto and incorporated herein as Suite 120 (the "Expansion Premises"), and in consideration thereof Tenant is willing to extend the Term of the Lease for an additional three (3) years, all upon the terms and conditions hereinafter set forth; and

WHEREAS, by the execution hereof Landlord and Tenant desire to modify and amend the Lease to reflect Tenant's lease of the Expansion Premises, the extension of the Term of the Lease and other undertakings and obligations of the parties as set forth hereinbelow;

NOW THEREFORE, for good and valuable consideration the receipt and sufficiency of which is hereby acknowledged, Landlord and Tenant agree as follows:

1. Defined Terms. All capitalized terms used herein shall have the meaning assigned such terms in the Lease unless otherwise expressly provided herein.
 2. Lease of Expansion Premises. Effective as of May 1, 2011 (the "Expansion Premises Commencement Date") Landlord hereby leases to Tenant, and Tenant hereby leases from Landlord, upon all of the terms and conditions of the Lease, as amended hereby, the Expansion Premises, together with certain rights to the Common Areas as provided in the Lease. The Expansion Premises shall not include any easement for light, air or view.
 3. Extension of Term. The Term of the Lease is hereby extended for an additional three (3) years. The parties acknowledge and agree that the Commencement Date for Tenant's lease of the Original Premises is May 1, 2007 and that the Expansion Premises Commencement Date shall be May 1, 2011. The term of the lease of both the Original Premises and the Expansion Premises shall expire on August 31, 2017, unless sooner terminated in accordance with the terms and conditions of the Lease, as amended, (the "Expiration Date").
 4. Basic Lease Provisions. In furtherance of the foregoing, the following subsections of Section 1 of the Lease are hereby amended by deleting the present contents thereof and substituting therefor the following:
-

Tenant shall accept the Expansion Premises on the Expansion Premises Commencement Date in its “AS IS, WHERE IS” condition without any obligation on the part of Landlord to make, reimburse or otherwise bear the cost of any improvements or alterations to the Expansion Premises. Any alterations, additions or improvements to the Premises made by Tenant shall be subject to the terms, conditions and restrictions of Section 7.3 of the Lease.

In the event that Tenant is unable to occupy and utilize the Premises on or before May 15, 2011 due to the failure to complete any improvements or alterations to the Original Premises to be made pursuant to the Work Letter, Tenant shall receive one (1) day of free rent for each day that Tenant's occupancy or utilization of the Premises is delayed.

7. Authority. The undersigned individual(s) executing this First Amendment to Lease on behalf of Tenant do hereby represent and warrant to Landlord that he, she or they are each fully empowered and authorized to execute and deliver this First Amendment to Lease on behalf of Tenant, that Tenant is duly authorized to enter into this First Amendment to Lease, and that this First Amendment to Lease is enforceable against Tenant in accordance with its terms.

8. Exhibits and Schedules. All exhibits and schedules referenced herein and attached hereto are incorporated herein by reference.

9. Brokers/Indemnification. Tenant represents and warrants to Landlord that it has had no dealings or entered into any agreements with any person, entity, broker, or finder in connection with the negotiation of this First Amendment to Lease other than Cornerstone Commercial Real Estate Services and Southeast Venture, LLC, whose fees shall be paid by Landlord pursuant to one or more separate written agreements, and no other person, entity, broker, or finder is entitled to any commission or finder's fee in connection with the negotiation of this First Amendment to Lease. Tenant agrees to indemnify, defend, and hold harmless Landlord from and against any and all claims, damages, costs, expenses, attorneys' fees, or liability for compensation or charges which may be claimed by any such unnamed person, entity, broker, finder or other similar party by reason of any dealings, actions, or agreements of Tenant.

10. Waiver of Claims. As a material inducement to Landlord's execution of this First Amendment to Lease, Tenant represents, warrants and covenants to Landlord, its successor and assigns, that as of the date hereof Tenant is not in default of any of its obligations or undertakings under the Lease, as amended, that to the knowledge of Tenant Landlord is not in default of any of Landlord's obligations or undertakings under the Lease, as amended, that no event has occurred that, with the passage of time or giving of notice or both would constitute a default by Tenant or Landlord under the Lease, as amended. Tenant hereby waives any and all claims that Tenant may have or claim to have in connection with any alleged breach or default by Landlord arising on or before the date hereof.

11. Ratification of Lease. Except as expressly modified hereby or made inconsistent herewith, all of the terms and conditions of the Lease shall remain unaltered and in full force and effect and are hereby ratified and confirmed. Following the date hereof, all references to "the Lease" presently contained in the Office Lease Agreement shall be interpreted to refer to the Lease as amended hereby.

IN WITNESS WHEREOF, the parties hereto have executed this First Amendment as of the date first above written.

SECOND AMENDMENT TO CREDIT AGREEMENT

This Second Amendment to the Credit Agreement (as defined below) (the "Amendment") is dated as of July 21, 2011 (with a Second Amendment Effective Date as determined in accordance with Section 3 below), by and among CROSS COUNTRY HEALTHCARE, INC., a Delaware corporation (the "Borrower"), certain subsidiaries of the Borrower party hereto (the "Subsidiary Guarantors"), the Lenders party hereto (the "Lenders") pursuant to an authorization (in the form attached hereto as Exhibit A, each a "Lender Authorization") and WELLS FARGO BANK, NATIONAL ASSOCIATION (successor by merger to Wachovia Bank, National Association), a national banking association, as Administrative Agent for the Lenders party to the Credit Agreement.

STATEMENT OF PURPOSE:

The Borrower, the Lenders and the Administrative Agent are parties to the Credit Agreement dated as of November 10, 2005 and amended and restated as of September 9, 2008 (as further amended, restated, supplemented or otherwise modified from time to time, the "Credit Agreement").

The Borrower and the Subsidiary Guarantors have requested that the Administrative Agent and the Lenders agree to amend the Credit Agreement as more specifically set forth herein. Subject to the terms and conditions set forth herein, the Administrative Agent and the Lenders have agreed to grant such requests of the Borrower and the Subsidiary Guarantors.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto hereby agree as follows:

1. Capitalized Terms. All capitalized undefined terms used in this Amendment (including, without limitation, in the introductory paragraph and the statement of purpose hereto) shall have the meanings assigned thereto in the Credit Agreement.

2. Amendments to Credit Agreement. Subject to and in accordance with the terms and conditions set forth herein, and effective on and after the Second Amendment Effective Date (as defined below), the Credit Agreement is hereby amended by amending and restating Section 11.3(c) of the Credit Agreement in its entirety as follows:

"(c) investments in (i) marketable direct obligations issued or unconditionally guaranteed by the United States or any agency thereof maturing within one year from the date of acquisition thereof, (ii) commercial paper maturing no more than one hundred-eighty (180) days from the date of creation thereof and currently having the highest rating obtainable from either Standard & Poor's Ratings Services, a division of The McGraw-Hill Companies, Inc. or Moody's Investors Service, Inc., (iii) certificates of deposit maturing no more than three hundred-sixty-five (365) days from the date of creation thereof, issued by commercial banks, savings banks or savings and loan associations incorporated under the laws of the United States, each having combined capital, surplus and undivided profits of not less than \$500,000,000 and having a rating of "A" or better by a nationally recognized rating agency; provided, that the aggregate amount invested in such certificates of deposit shall not at any time exceed \$5,000,000 for any one such certificate of deposit and \$10,000,000 for any one such bank, (iv) money market funds at commercial banks, savings banks or savings and loan associations incorporated under the laws of the United States, each having combined capital, surplus and undivided profits of not less than \$500,000,000 and having a rating of "A" or better by a nationally recognized rating agency; provided, that the aggregate amount invested in such money market funds shall not at any time exceed \$10,000,000 for any one such bank, (v) time deposits maturing no more than thirty (30) days from the date of creation thereof with commercial banks or savings banks or savings and loan associations each having membership either in the FDIC or the deposits of which are insured by the FDIC and in amounts not exceeding the maximum amounts of insurance thereunder, or (vi) other investments approved in writing by the Required Lenders (all of the foregoing described in this Section 11.3(c), "Cash Equivalents");"

3. Conditions to Effectiveness. This Amendment shall be deemed to be effective upon the satisfaction of each of the following conditions (the "Second Amendment Effective Date"):

(a) the Administrative Agent shall have received counterparts of this Amendment executed by the Administrative Agent (on behalf of itself and the Lenders), the Borrower and each of the Subsidiary Guarantors;

(b) the Administrative Agent shall have received executed Lender Authorizations from Lenders constituting Required Lenders;

(c) the Administrative Agent shall have been paid or reimbursed for all reasonable out-of-pocket charges and other expenses incurred in connection with this Amendment, including, without limitation, the reasonable fees and disbursements of counsel for the Administrative Agent and consultant fees and expenses;

(d) the Administrative Agent shall have received such other instruments, documents and certificates as the Administrative Agent shall reasonably request in connection with the execution of this Amendment.

4. Effect of the Amendment. Except as expressly provided herein, the Credit Agreement and the other Loan Documents shall remain unmodified and in full force and effect. Except as expressly set forth herein, this Amendment shall not be deemed (i) to be a waiver of, or consent to, a modification or amendment of, any other term or condition of the Credit Agreement or any other Loan Document, (ii) to prejudice any other right or rights which the Administrative Agent or the Lenders may now have or may have in the future under or in connection with the Credit Agreement or the other Loan Documents or any of the instruments or agreements referred to therein, as the same may be amended, restated, supplemented or otherwise modified from time to time, (iii) to be a commitment or any other undertaking or expression of any willingness to engage in any further discussion with the Borrower or any other Person with respect to any waiver, amendment, modification or any other change to the Credit Agreement or the Loan Documents or any rights or remedies arising in favor of the Lenders or the Administrative Agent, or any of them, under or with respect to any such documents or (iv) to be a waiver of, or consent to or a modification or amendment of, any other term or condition of any other agreement by and among the Borrower, on the one hand, and the Administrative Agent or any other Lender, on the other hand. References in the Credit Agreement to "this Agreement" (and indirect references such as "hereunder", "hereby", "herein", and "hereof") and in any Loan Document to the Credit Agreement shall be deemed to be references to the Credit Agreement as modified hereby.

5. Representations and Warranties/No Default. By their execution hereof,

(a) The Borrower and each Subsidiary Guarantor hereby certifies, represents and warrants to the Administrative Agent and the Lenders that each of the representations and warranties set forth in the Credit Agreement and the other Loan Documents is true and correct in all material respects as of the date hereof (except to the extent that (i) any such representation or warranty that is qualified by materiality or by reference to Material Adverse Effect, in which case such representation or warranty is true and correct in all respects as of the date hereof or (ii) any such representation or warranty relates only to an earlier date, in which case such representation or warranty shall remain true and correct as of such earlier date) and that no Default or Event of Default has occurred or is continuing.

(b) The Borrower and each Subsidiary Guarantor hereby certifies, represents and warrants to the Administrative Agent and the Lenders that:

(i) it has the right, power and authority and has taken all necessary corporate and other action to authorize the execution, delivery and performance of this Amendment and each of the other documents executed in connection herewith to which it is a party in accordance with their respective terms and the transactions contemplated hereby; and

(ii) this Amendment and each other document executed in connection herewith has been duly executed and delivered by the duly authorized officers of the Borrower and each of the Subsidiary Guarantors, and each such document constitutes the legal, valid and binding obligation of the Borrower and each of the Subsidiary Guarantors, enforceable in accordance with its terms, except as may be limited by bankruptcy, insolvency, reorganization, moratorium or similar state or federal debtor relief laws from time to time in effect which affect the enforcement of creditors' rights in general and the availability of equitable remedies.

6. Reaffirmations. Each Credit Party (a) agrees that the transactions contemplated by this Amendment shall not limit or diminish the obligations of such Person under, or release such Person from any obligations under, any of the Subsidiary Guaranty Agreement, the Collateral Agreement or any other Security Document to which it is a party, (b) confirms and reaffirms its obligations under the Subsidiary Guaranty Agreement, the Collateral Agreement and each other Security Document to which it is a party, (c) agrees that the Subsidiary Guaranty Agreement, the Collateral Agreement and each other Security Document to which it is a party remain in full force and effect and are hereby ratified and confirmed and (d) acknowledges that Wells Fargo Bank, National Association is the Administrative Agent under the Credit Agreement and each other Loan Document. In furtherance of the reaffirmations set forth in this Section 6, each Credit Party hereby grants to Wells Fargo Bank, National Association, as the Administrative Agent, for the ratable benefit of the Secured Parties, a security interest in, all Collateral and all proceeds thereof as security for the Obligations, in each case subject to any applicable terms and conditions set forth in the Subsidiary Guaranty Agreement, the Collateral Agreement and each other Security Document to which it is a party.

7. Governing Law. THIS AMENDMENT SHALL BE GOVERNED BY, AND CONSTRUED IN ACCORDANCE WITH, THE LAWS OF THE STATE OF NEW YORK, WITHOUT REFERENCE TO THE CONFLICTS OF LAW PRINCIPLES THEREOF.

8. Counterparts. This Amendment may be executed by one or more of the parties hereto in any number of separate counterparts and all of said counterparts taken together shall be deemed to constitute one and the same instrument.

9. Electronic Transmission. A facsimile, telecopy, pdf or other reproduction of this Amendment may be executed by one or more parties hereto, and an executed copy of this Amendment may be delivered by one or more parties hereto by facsimile or similar instantaneous electronic transmission device pursuant to which the signature of or on behalf of such party can be seen, and such execution and delivery shall be considered valid, binding and effective for all purposes.
