#### **NEWS RELEASE**

## AMERICAN INDEPENDENCE CORP. ANNOUNCES 2014 SECOND-QUARTER AND SIX-MONTH RESULTS

New York, New York, August 7, 2014. American Independence Corp. (NASDAQ: AMIC) today reported 2014 second-quarter and six-month results.

#### Financial Results

AMIC reported net income of \$0.5 million (\$.06 per diluted share) for the three months ended June 30, 2014 compared to \$1.4 million (\$.17 per diluted share) for the three months ended June 30, 2013. AMIC reported net income of \$1.1 million (\$.14 per diluted share) for the six months ended June 30, 2014 compared to \$1.9 million (\$.24 per diluted share) for the six months ended June 30, 2013.

Revenues increased to \$40.0 million for the three months ended June 30, 2014 compared to revenues of \$37.4 million for the three months ended June 30, 2013, primarily due to an increase in premiums and fee income. Revenues increased to \$83.1 million for the six months ended June 30, 2014 compared to revenues of \$72.7 million for the six months ended June 30, 2013, primarily due to an increase in premiums, fee income and agency income.

#### **Chief Executive Officer's Comments**

Roy Thung, Chief Executive Officer, commented, "We are pleased with the continuing growth in earned premium and with the profitability of business written by IHC Risk Solutions. We attribute the growth in our direct distribution to our enhanced sales force, focused underwriting and employer groups moving from fully insured to selffunding as they consider alternatives as a result of health care reform. We expect continued improvement in this line of business, as evidenced by the 32% growth in our direct business written for the twelve months ended July 31, 2014, while maintaining consistent profit margins on a growing premium base. We are also encouraged by the growth in our pet insurance and non-subscriber occupational accident lines, and we anticipate this increase in premiums to continue throughout 2014. With respect to our operating companies, we did experience a reduction in revenues as a result of the Affordable Care Act, which we are addressing, and an increase in expense as we build out the direct-to-consumer distribution that will be essential to our future growth as a specialty health company. Our financial condition and balance sheet remain strong. We have no debt and have grown our book value to \$10.84 per share at June 30, 2014 from \$10.44 per share at December 31, 2013."

#### Change in Accounting Principle

AMIC was acquired in a series of transactions by Independence Holding Company ("IHC") beginning in 2002 with a 19.9% equity investment and culminating in its current ownership of 90%. In March 2010, IHC increased its ownership to over 50% and, in accordance with generally accepted accounting principles in the United States ("GAAP"), IHC established a new basis for AMIC's assets and liabilities in IHC's consolidated financial statements based on the fair value of AMIC's identifiable assets and liabilities assumed at that time. AMIC did not "push down" the new basis for its assets and liabilities; instead, AMIC maintained its historical basis in its assets and liabilities for the purpose of issuing its separate standalone financial statements. Accordingly, the reporting basis for AMIC's assets and liabilities included in the consolidated financial statements of IHC were different from the reporting basis for AMIC's assets and liabilities included in AMIC's previously reported separate standalone financial statements. During the second quarter of 2014, due to the lifting of certain restrictions and requirements relating to IHC's ownership of AMIC stock, AMIC has elected, for all periods presented, to reflect IHC's basis.

As a result of the above-mentioned change in accounting principle, the consolidated financial statements and financial information of AMIC reported prior to June 30, 2014 are not directly comparable to the financial statements and financial information of AMIC included in this news release. The differences relate to the write-off of goodwill, basis differences in intangible assets and related amortization, other assets, other investments, non-controlling interests in subsidiaries, taxes and related tax provisions, net income, additional paid-in capital, retained earnings and total shareholders' equity (including a corresponding change in book value per share). See Notes to Condensed Consolidated Financial Statements included in the June 30, 2014 Form 10-Q for the impact of this adoption on AMIC's condensed consolidated balance sheets and condensed consolidated statements of income at and for the periods ended December 31, 2013 and June 30, 2013. The restatement resulted in the reduction of book value per share to correspond with IHC's carrying basis in AMIC.
