## Safe Harbor

The following information contains, or may be deemed to contain, "forward-looking statements" (as defined in the U.S. Private Securities Litigation Reform Act of 1995) giving Green Bancorp, Inc.'s ("Green Bancorp") expectations or predictions of future financial or business performance or conditions. Most forward-looking statements contain words that identify them as forward-looking, such as "plan", "seek", "expect", "intend", "estimate", "anticipate", "believe", "project", "opportunity", "target", "goal", "growing", "continue", "positions," "prospects" or "potential," by future conditional verbs such as "will," "would," "should," "could" or "may", or by variations of such words or by similar expressions that relate to future events, as opposed to past or current events. By their nature, forward-looking statements are not statements of historical facts and involve risks and uncertainties because they relate to events and depend on circumstances that may or may not occur in the future. These statements give Green Bancorp's current expectation of future events or its future performance and do not relate directly to historical or current events or Green Bancorp's historical or future performance. As such, Green Bancorp's future results may vary from any expectations or goals expressed in, or implied by, the forward-looking statements included in this presentation, possibly to a material degree.

Green Bancorp cannot assure you that the assumptions made in preparing any of the forward-looking statements will prove accurate or that any longterm financial goals will be realized. All forward-looking statements included in this presentation speak only as of the date made, and Green Bancorp undertakes no obligation to update or revise publicly any such forward-looking statements, whether as a result of new information, future events, or otherwise. In particular, Green Bancorp cautions you not to place undue weight on certain forward-looking statements pertaining to potential growth opportunities or long-term financial goals set forth herein. Green Bancorp's business is subject to numerous risks and uncertainties, which may cause future results of operations to vary significantly from those presented herein.

In addition to factors previously disclosed in Green Bancorp's reports filed with the SEC and those identified elsewhere in this communication, the following factors among others, could cause actual results to differ materially from forward-looking statements: difficulties and delays in integrating the Green Bancorp and Patriot Bancshares, Inc. businesses or fully realizing cost savings and other benefits; business disruption following the proposed transaction; changes in asset quality and credit risk; the inability to sustain revenue and earnings growth; changes in interest rates and capital markets; inflation; customer borrowing, repayment, investment and deposit practices; customer disintermediation; the introduction, withdrawal, success and timing of business initiatives; competitive conditions; the inability to realize cost savings or revenues or to implement integration plans and other consequences associated with mergers, acquisitions and divestitures; economic conditions; and the impact, extent and timing of technological changes, capital management activities, and other actions of the Federal Reserve Board and legislative and regulatory actions and reforms.

Annualized, pro forma, projected and estimated numbers are used for illustrative purpose only, are not forecasts and may not reflect actual results.

## Pre-Tax Pre-Provision Adjusted Net Income

- Core profitability is intact, despite overhang from energy portfolio
- 3Q16 PTPP Adj. NI was impacted by $\$ 3$ million in MARS-related expenses

(*) excludes one-time acquisition expenses

## Managed Asset Reduction Strategy 'MARS'

- MARS program was announced on the first quarter 2016 earnings call
- Primary goal of MARS is to resolve, primarily via payoff or sale, the company's energy portfolio
- Since beginning in April 2016, the program has resolved:
- \$108.8 million of energy production and oil field service loans
- \$105.9 million of classified assets and purchased credit impaired loans
- MARS Energy portfolio consists of \$26 million in energy production loans and \$104 million in oil field services loans, pro-forma for the sale of $\$ 38.9$ million of loans held for sale at September 30, 2016
- Excluding held for sale loan, energy loans represent 4.3\% of total loans, down from 7.5\% at June 30, 2016
- Currently expect to maintain risk-based capital ratios through the duration of the program
